

# ALDRICH SERVICES

## PARENT ENGAGEMENT EXPECTATIONS

Music Education/Piano sessions with Carol Ann Aldrich are scheduled for one hour. Outside of teacher instruction time, student is required to practice.

### REQUIREMENTS CONCERNING STUDENT PRACTICE:

- Frequency – a minimum of four days per week
- Duration – 30 to 60 minutes per day depending upon student's level

Parental support is very important to ensure success of your student. While you work with your child, you will see how the language of music, theoretical concepts, and musical selection in the Faber books, masterfully nudges and guides the student unit by unit, level by level.

### SUPPORT EXPECTED AT HOME FROM PARENT:

- After each lesson, review assignments for each of the four to five Faber books.
- Use table of contents in the Lesson book to correlate the multi-book assignments.
- Initial student's progress and mastery on the table of contents page (found in Lesson book).
- Listen and provide feedback as your child practices.
- Ask your child engaging questions concerning their specific theory content.
- Have your child play along with the Faber track and then without it – increase and decrease the tempo.

There are five books we will use from Faber (two for kindergarten/pre-reading students). The table of contents in the Lesson Book correlates all four books unit by unit. Please familiarize yourself with these resource pages.

### MUSIC BOOKS:

- Theory
- Technique
- Lesson
- Performance
- Gold Star
